Nain black granite

Nehbandan granite

Khoramdare granite

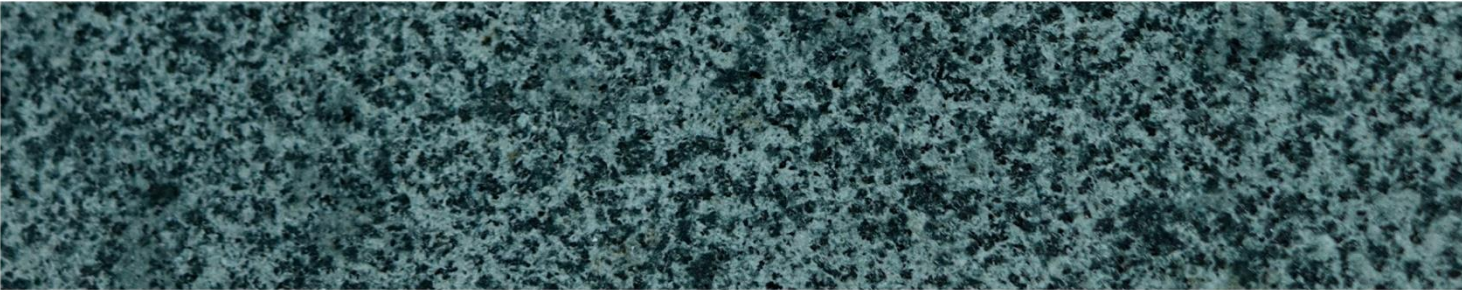

shadab green granite.

- 1 Resistant to sunlight and without discoloration
- 2 without water absorption (suitable for landscaping, garden and villa landscaping)
- 3 Can be used in building facade
- 4 Can be used on floors, stairs and tombstones
- 5 with the quality of being used to implement volumetric and antique stones
(Honed, Polished, Leather, Flamed)
- 6 By providing technical and qualitative analysis of the stone

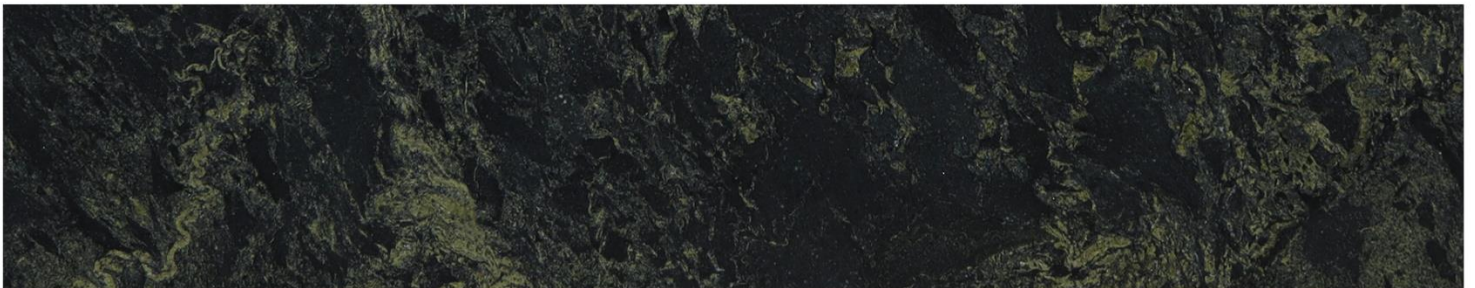

The flame is mostly performed on granite stones, which with this service, the surface of the stone is destroyed and the stone takes on a scratch-like state.
